Hi Sean. Since the timeline here's short, I thought you might find it helpful to know that the Five Tribes will be submitting comments on CDM's PTW memo by early afternoon tomorrow. We don't expect to have any major comments.

**Subject:** Principle Threat Material Memo

Hello everyone,

As discussed on our last TCT teleconference, please see the attached PTM memo for usage in the Tuesday April 15 meeting with LWG. Kristine and I would ask for your input on the memo on a short timeframe—by next Wednesday such that we can prepare for final logistics for the meeting.

An associated component that we'll develop soon is the element of practicability/accessibility issues that we'll be putting together as a companion framework to guide how FS costing will proceed in the short term and the steps required for how design might proceed in the future.

Thanks and have a good weekend.

S
